Look among your bees. Now is the time they need help, feed them a little and put all your new swarms in the Pullins Bee Hive this spring, and see if they don't prove to be the best hive ever invented.--W. H. Jones and Dr. Lewis, of Wildie, were here on business this week.--Irish potatoes are plentiful and are selling for 40 & 50-cts. per bu.--Jas Morgan and family have moved from this place to Wildie.

Our farmers are trying to see who can do the most work this pretty weather.--Aunt Pop Lambert and Gertrude Pullins are on the sick list this week.--Mrs. Sallie Beldon, who has been on the sick list, is able to be out again.--Harvey Chennault has brought in a drove of cattle from Madison to take advantage of the bud grazing.--Drummers have been plentiful here for past week.--Mr. Linard Wadkins and Mrs. Paulina Shockley, of Berea, visited relatives here this week.

IN MEMORIAM.

On the night of March 13th, the little spirit of James Robert Wood took its flight to a brighter and better world. Death when it summons the aged is sad, but doubly so indeed it is when the grave monster selects for its prey, the pure and innocent bud of childhood. May the father and mother feel that the loss of their darling is only a beacon light ever calling them to come. He was a child of unusually bright mind and a favorite with everyone. His loss is deeply felt and the whole community extend to them their heart-felt sympathy.

Estes.--The postmaster has improved considerably, came out this morning in a brand new hat, which he says Mr. Parker sent him from New York.--Arthur Hiatt, son of A. M. Hatt, came in this morning from Oklahoma.--Mrs. J. W. Guest left last Sunday for Mobile, Ala. Harrison Payne's dog bit him on the hand and was fighting all the dogs in town, has not been killed yet.

Miss Maggie Pleasants is clerking for Mrs. E. M. Payne, who is running a nice little grocery store in our town.--Miss Myrtle Wells entertained a few friends at her cozy country home a few evenings since. All report an enjoyable time.--Your correspondent received an invitation to be present at the marriage of her niece, Miss Lizzie Hammack, a former Kentucky girl, but now of Chelsea, Michigan, as our wardrobe was a little the worse for wear, and we didn't have time to order a trousseau from Paris, we had to decline the invitation with thanks, yet I hope our absence did not prevent the union of the happy pair, which was to take place on 15th Inst.--My lettuce is growing nicely.--Mrs. Jane Buchanan is in Louisville.--Mrs. Kitty King has returned from the city, where she has been to lay in her stock of spring millinery.--Mrs. J. H. Browning and son, Walter, Mrs. Kate Magee, Mrs. James Collier and Miss Tevis Collier were in town this morning.--W. D. STRIKES HIDDEN ROCKS.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Taladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at all druggists. Price 50c and \$1. Trial bottles free.

The report of the general staff of the army on the maneuvers at Manassas last fall criticises the militia from the Southern States, saying that many of the organizations were composed of weak boys, physically unfit to withstand the fatigue involved in carrying out the orders. The report speaks more favorably of the State troops from the North.

The Court of Appeals affirmed the decision of the Harrison circuit court, sentencing Tom White to life imprisonment in the State penitentiary for complicity with Curtis Jett in the assassination of James B. Marcum at Jackson, May 4, 1903.

LEVEL GREEN

"Remember the Sabbath day to keep it Holy." This was commanded of Saturday to the Israelites, and observed until after the resurrection strictly, and I would like for some preacher to point out divine authority for the change. Uncle Gus says the change was brought in by the Catholics at an early day in the Christian era and I say he is right; disprove it if you can.

But from the way the law is observed in this day and time by proud Americans I sometimes conclude that Catholics or some other holy people repealed that part of the Decalogue soon after the death of St. Peter when they chose or elected a new Pope.

The way that Holy day is abused by our people is too bad. Did you ever think seriously of the matter? Why sir, were it not for civil law that day would be known only by name from the other six. All the preaching, coaxing and exhorting our preachers could do would not hold the law in force. Our preachers have a big job fighting the devil on other lines anyway. Did you ever think of the big job they have continually on hand? Satan is not chained, no sir, but loose--a free snake, crawling into every look and corner of earth where fallen man has trod the soil, working his plans and seeking whom he may devour since the days of Adam and Job. Whether he be material or immaterial, a fallen angel or created devil seems to make no big difference, for he gets in his work; and he does some mighty big jobs too. Just look what a work he has been engaged in near Port Arthur for the last 13 months, and now if he can only persuade "The Bear" to pull the "Lion's" tail a little, and Germany to "Shoo" at our bird one big shoo, and draw all Europe, America--yes all the nations, kingdoms, tribes and tongues of earth into war, unholy war, how he will sit back and laugh, for his Lieutenants will put it through for him. Yes, war is murder, the same as killing Goebel or those men in Breckitt county, only on a bigger scale, while the murder or assassin makes one widow and 6 orphans, Russia and Japan are making 50,000 weeping widows and 50,000 naked, starving orphans. O' sinful man, say, "get behind me satan," and let us forever settle these national differences by arbitration and not by sword, shot, shell and the bayonet. It looks funny "to a man up a tree" to see Uncle Sam working hard both day and night to construct a big navy at a cost of millions simply because England, Germany, France, etc., have big boats and lots of them. This minds me of Sally Smith and Betsy Jones: Sally swapped all her eggs, for a long while, for a new hat, and when Betsy saw Sally's hat she went immediately and did likewise. Neither of them needed the hat for they looked better under a gingham bonnet; nor did their financial ability warrant such extravagance while some of the household was barefoot at home. Neither have we a right as a nation to take the people's money to pay for big canoes and pogons to rot down on the ocean while irrigation, and good roads and bridges are so badly needed for the little ones at home. Leave off buying the hat, and shoe and clothe the family firstly. Start with the wants of the "great common people," supply the home market or demand first.

Our farmers put in a "ringer" last week, and will soon have oats and grass seed sowing completed. A large acreage will be planted to corn. Lots of potatoes in P. H. and they--cooked--are excellent chicken and pig feed. Eggs worth only 1c each, but what our women lose in price they make up in quantity. Betsy sold one hen for 65c, while Mrs. Hattie sold one for 65c, by gross weight. Lots of young lambs, and this is favorable weather on both them and grass. Say, did you know that you can pasture down early wheat with ewes and not hurt the wheat one iota; in fact it will help both lambs and wheat. Betsy went to see her brother Frank, Sunday. She found him suffering with, from or of a complication of neuralgia, catarrh, rheumatism, etc.--Jack Towery is still kept in doors.--March has behaved wonderfully well this time, but then with the remaining 10 days, and the twelve borrowed by April, we may yet have blizzards, cyclones and lots of other ugly performances. Here boys; Rockcastle is one of the counties that "have" or "has" few good roads? Give your exegesis.--Can't some one, two or three more ask and answer a few questions?--Absolom Cummins and his wife visited their son, J. B. Cummins, Sunday near Poplar Grove.--Rev. R. E. Todd will preach at the Christian church next Saturday p. m., and Sunday a. m. Don't forget the change from 3rd to 4th Sunday, but be on hand and help fight the devil--Satan, or Beelzebub--as the case may be. The word "devil" is rather a generic term comprehending all sorts and

BRODHEAD, KENTUCKY.

CITIZENS BANK -OF- BRODHEAD, KENTUCKY.

It is with pleasure we desire to call attention to the Citizens Bank, of Brodhead, Ky., and state some of the advantages that are gained by being one of our depositors. The Bank began business on January 7th, 1905, and its growth up to the present time has been remarkable and very satisfactory to the stockholders. We enjoy the distinction of being the only bank in this part of the State that began paying interest on deposits, believing that when a person left as much as \$100.00 or more on deposit for months without checking, that they should derive some of the benefits. We are equipped with the best burglar proof, screw-door safe that could be made, and people have come miles to see it and pronounced it the most wonderful piece of mechanism they had ever seen. The safe is made of the best steel with a screw door one foot in diameter, and set within the door is the time movements by which the door is locked. The safe is set within a brick wall that is 23 inches thick. We also have a vault door that closes with twenty bolts and weighs 3,000 pounds. We most cordially ask you to visit the bank and examine it for yourself. A safe is not a safe depository. Remember we pay 3 per cent. on as much as \$100.00 or more six months.

We offer to the people a safe and conservative banking system. We ask you to give business and we guarantee a pleasant and profitable relation.

Trusting to have the pleasure of meeting you personally.

Yours very truly

J. W. HUTCHESON, Cashier.

classes of His Satanic Majesty's family--every branch, class, order, genera or specie. The word Beelzebub signifies the "High Cock-a-loo" of the ranch, while Satan is Beelzebub's first lieutenant and general business manager. Now sir, these fellows are neither forked tailed or cloven footed--have no tails at all, but as sure as there is wickedness to be found among the children of men, there are devils plenty of them, but resist them and they will flee from you. Use the sword of the spirit.

The sick of our neighborhood are convalescent.--John Laws has returned to Indiana, we hope a wiser man.--John Craig has some nice seed corn for sale, both white and yellow.--Some talk of a post-office being established at Jacob Elder's store.--The hog market has become very active, after a long period of extreme dullness. Several buyers are in the neighborhood paying from three to four cents per pound, as to quality. W. H. Brown paid Henry Catron 4 cents for a bunch of hundred pound hogs.--J. M. Craig sold to Thompson boys, of Preachersville, forty stock hogs, price unknown.--The cattle market is extremely dull as it should be, on account of scrub stock. Will the time never come when our farmers will realize that it requires no more feed or grass to raise a high grade steer than it does a scrub? The evolution from the "razor-back" hog to the higher grade, including Berkshires, Poland Chinas, Chester Whites and other good breeds, has been quite rapid and why not apply the same methods with our cattle.--Some far-away readers of our paper would probably like to know our market prices of farm products and we give a few; hogs, 3 to 4 cents per lb.; cattle not selling; corn 60 cts.; oats 45 to 50 cts.; wheat \$1, scarce article; onions \$1 for large, and \$2 a bushel for sets; eggs 11 to 12 cts. per dozen; butter 15 cts. per pound; hens 7 cts. per pound cash, 8 cts. in store, and country bacon 10 cts. pound.

Daniels 100 barrels of crib corn at \$2.25 and 100 barrels of field corn at \$2.10. Auctioneer George D. CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY

The great success of this preparation in the relief and cure of bowel complaints has brought it to almost universal use. It never fails, and when reduced with water and sweetened is pleasant to take. It is equally valuable for children and adults. For sale at Chas. C. Davis' drugstore.

In two explosions in the Red Ash and Rush Run mines at Fire Creek, W. Va., Saturday night at least twenty-four men were killed. Eleven of the dead were members of a rescue party who were caught by a second explosion in the mines while attempting to go to the scene of the first accident.
